The BABA capsule collection, full of curves and rounded shapes, is made up of comforting and instinctive pieces.

The interplay of forms and the voluptuousness of the materials bring a tangible presence and softness to any interior.

Through this collaboration, the union of the creative worlds of Emmanuelle Simon and Mira Mikati gives rise to a luminous and joyful reinterpretation of the BABA pieces.

A graphic pattern with bold chromatic tones, a design of intertwining lines, like a sun shining in a thousand colors. The handcrafted embroideries, entirely made by hand, make each piece singular and unique.
